| Earth System Spheres and Interactions Earth Science Mr. Traeger | | | |
|---|----------|---|--|
| Name: | | | Period: Date: |
| Part 1: Earth System Spheres 1. Name 10 examples from Mr. Traegers Summer Vacation slide show that show a relationship to a sphere. You should do 2 examples for each sphere. | | | |
| Sphere | | at does this sphere have to do with? | o Give 2 examples of each sphere from Mr. Traegeros slide show |
| Geosphere | | | |
| Hydrosphere | | | |
| Biosphere | | | |
| Atmosphere | | | |
| Exosphere | | | |
| Part 2: Earth System Interactions 1. Give examples below of 10 interactions between spheres that you noticed from Mr. Traegers slide show. Be SPECIFIC! Remember that an interaction must have an action verb. i.e.) Humans (biosphere) use oxygen (atmosphere) for cellular respiration and then expel carbon dioxide back to the atmosphere. | | | |
