

Egg Drop Project Rubric

Traeger

Physics 1P

Name: _____

Period: _____

Date: _____

Mass of apparatus without egg: _____ grams

Fits Required Dimensions: _____

Task	Achieved	Not Achieved	Points
Drop from 2 nd Floor (half points gained back if errors discussed in Conclusion)			/10
Drop from 3 rd Floor (half points gained back if errors discussed in Conclusion)			/5
Design Rationale WITH works cited if sources taken from other sources			/10
Conclusion			/10
Points for having a model built (Extra for innovative design and/or lightest or heaviest design to succeed from both heights)			/10
Total			/45
